Mieno-san,

I introduce to you Anderson Oliveira, who is an OutSystems Developer in Brazil at Bosch.

He is interested in working with someone from the Tokyo OutSystems Office to go into the Bosch HQ in Yokohama, and help pitch/present OutSystems as a platform that Bosch should be using in Japan as well.

He has a personal trip planned in mid-October this year to be in Japan and would like to collaborate with someone from the Tokyo office to plan and schedule meetings with his contacts within Bosch in Yokohama.

You can reach Anderson at:

Work: anderson.oliveira2@br.bosch.com

Hi Anderson

Let me introduce myself first,
I'm Shunya, Account Executive at OutSystems Japan.

In Japan, we've never had an opportunity to introduce
OutSystems to Bosch.
So this is a pleasure to help with your collaboration.

Let's start with my first question,
for planning a meeting, do you have any contact with Bosch
Japan?
Are you going to plan a meeting directly with them?

Best regards
Shunya Kaburagi
